Create a turning point in your business towards a bigger, bolder, deeper and more meaningful level of success. You'll be introduced to the following nine best practices for growing your business that can lead to more success in business and life.

1. Track Your Numbers Properly
2. Know Your Numbers
3. Create the Profile of Your Ideal Week
4. Maintain Your Daily Focus
5. Develop Your Will Do List
6. Execute a Mix of New Contact Marketing Strategies
7. Leverage Your Database
8. Navigate Your Internet Game Plan
9. Listen Carefully - Respond Appropriately

Presentation by
Marketing, Advertising &
Sales Veteran - Craig Hulet

Going deeper into two of these best practices you'll determine what your own level of success looks like. We'll show you how to use a tool to help keep you focused on a daily basis and introduce you to the AM/PM questions. You'll create your ideal week to give yourself permission to say yes and no to inside and outside influences.

If you're interested in sharpening your skills, learning how to better articulate your value, choose high value activities and get more focused on a daily basis then join us.

The material being presented is based on the teachings & principles of Growing Your Business author Mark LeBlanc
